

RESILIENCE MATTERS

FACO Network

Summit Chipping

Firewise

FACO

Our Firewise designation is just a start. We are actively working to provide more resources and create more opportunities to stay cutting edge with community-wide resiliency programs. FACO is our next step. We will join other networks as available. [CLICK HERE](#) for FACO website.

Chipping

Be ready by Monday, July 8th at 8am. Have your neatly stacked piles with large ends toward the road ready - 10' L x 10'H x 5' W, 10 stacks per lot. More on page 2.

Chipping info - [CLICK HERE](#).

Firewise Renewal

Renewing our application is now an annual process. Send your info to Lisa Lewis (email link below)

FIRE ADAPTED COLORADO

Our Resource Network Expands!

As an effort to continue to “up our game” and adhere to the mission and vision toward overall community resilience, our local governmental entity, the Willow Brook Metro District, is now a member of the Fire Adapted Colorado (FACO) network. As a part of the network, resources now available to help maintain our infrastructure; provide information on better forest management; and maintain our health (smoke, drinking water). FACO also helps to promote our Firewise status. Here are some network members:

VOLUNTEER:

A big Thanks to Steve Wherry for his hard work on the Gate House.

His time and effort will go toward our Firewise designation again this year:

- Keeping the grass mowed low
- Removing fine fuels from around the bushes and under the deck.
- Keeps the deck around the gate house clear of pine needles/other flammable “kindling.”

Chipping is for everyone!

Courtesy of Rita Rupp

And Don Meinholz cataloged our great work!
